

SCHOOL LOCKERS

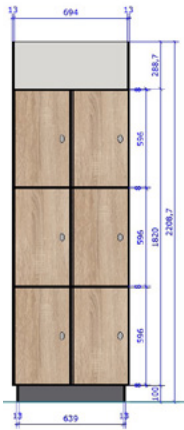

PERSONAL LOCKABLE STORAGE

Our new school locker range are built tough and durable with aesthetic appeal and functionality.

Constructed from High-Pressure Laminate (HPL), a high-quality and robust material that is waterproof, is corrosion-resistant and has anti-bacterial properties that make them the ideal choice for personal storage.

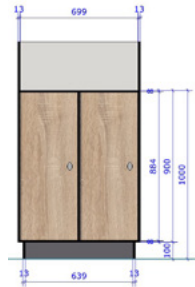

Our school locker range is available in a range of flexible configurations, colours and finishes, and we offer a selection of different locking options to suit all your student and staff storage needs.

High-quality tailored options are available to enhance your modern classroom, library or collaborative learning area.

Sloping Hood Option

To prevent items being placed on the top of the units, we provide the option of fitted sloping hoods with a finish that matches the carcass.

Door Layout

While the most common locker bank consists of a single door finish, we offer the option for multiple door colours to suit your style.

10-year warranty

Our lockers come with a 10-year warranty.
